REVISED DATE: 12/2020

203.01 Emergency Operations at Structure Fires

A. Scope

To establish standard operating **guidelines** to be used at all structure fires unless specifically addressed in another topic. These are only guidelines and conditions at the incidents may warrant the Incident Commander to make decisions that deviate from these guidelines.

B. Priorities

1. Life Safety (Rescue)
2. Fire Control
3. Property Conservation

C. Structure Fire Procedure Sub-Sections

1. 203.01.01 Structure Fire Operations – Safety Considerations
2. 203.01.02 Structure Fire Operations – Pre-Planning
3. 203.01.03 Structure Fire Operations – Size-Up
4. 203.01.04 Structure Fire Operations – Radio Reports and Communications
5. 203.01.05 Structure Fire Operations – Incident Command and Command Transfer
6. 203.01.06 Structure Fire Operations – Strategy and Risk Management
7. 203.01.07 Structure Fire Operations – Fireground Benchmarks
8. 203.01.08 Structure Fire Operations – Search and Rescue
9. 203.01.09 Structure Fire Operations - Ventilation

- 10. 203.01.10 Structure Fire Operations – Fire Company Response and Actions
- 11. 203.01.11 Structure Fire Operations – Apparatus Placement Considerations
- 12. 203.01.12 Structure Fire Operations - Staging
- 13. 203.01.13 Structure Fire Operations - Notifications
- 14. 203.01.14 RAT
- 15. 203.01.15 Mayday and Emergency Declaration
- 16. 203.01.16 Changing Strategy from Defensive to Offensive Operations
- 17. 203.01.17 Structure Fire Operations - Personal Decontamination
- 18. 203.01.18 Structure Fire Operations – Chimney and Flue Fires
- 19. 203.01.20 High-Rise Operations
